Life Ball Experience 14 – 17 May 2009

The "Hautes Vacances Life Ball Experience" will be a unique and exclusive journey that brings you right in the center of the world's most glamorous AIDS gala, Vienna's Life Ball. The Life Ball is dedicated to the enjoyment of life and to the strong will to continue fighting the life threatening AIDS disease. Tickets or invitations are very scarce and Hautes Vacances is lucky to have reserved part of Life Ball's international ticket contingent for its clients. You are lucky, because locals in Austria will have to join a draw to purchase a ticket with no certainty that a ticket can be purchased.

Welcome to a fascinating and spectacular mix of inspirational speeches by A-List celebrities, performances and fashion shows celebrating life and its diversity.

About the Life Ball:

"Life Ball is Europe's largest and most spectacular annual charity event dedicated to raising support for the worldwide fight against HIV and AIDS. Celebrating the beauty of life and the diversity of world cultures, Life Ball reinvents the great Viennese Ball tradition with glamorous, outlandish performances and inspirational speeches. It attracts huge interest in the media and is broadcast live on Austrian National TV prime time, with delayed airing in Germany.

To date the Life Ball has raised over € 10.5 million. It is the only AIDS charity event to take place in a government building. In 2008, the event raised € 1.4 million in one night.

Since 1993, world famous personalities and artists have lent their voices and support to Life Ball, giving their time and effort to make the charitable event successful every year. With their appearances, personal impulses and involvement, Sharon Stone, Sir Elton John, Kylie Minogue, Catherine Deneuve, Liza Minnelli, Kim Cattrall, Linda Evangelista, Heidi Klum, Dennis Rodman, Naomi Campbell and Randy Crawford and many more have inspired courage and promoted the joyful aspects of life and given a clear sign against discrimination and ignorance."

About Vienna:

"Vienna is an ideal-typical European city similar to Barcelona, London, Milan, Paris or Rome, but unlike the others it is very compact and easy to negotiate. Vienna is referred to by many as a unique onion, with each of the urban layers surrounding the oldest historic center being equally important to the overall flavor of the city. The Austrian capital therefore embraces all the traditions of a European city, from Roman foundations through to Gothic, Baroque and Historicism. Tourists are eager to visit Vienna because of the city's exciting combination of the royal-imperial flair of the past with the latest trends, the responsible cultivation of a precious heritage and charming traditions. But much more than old buildings turn Vienna into a city of
